

CURRENT STATUS – MANDATORY ITEMS

To list the Current Status of only Mandatory, select the following

The screenshot shows the CAFAM System interface. At the top, there are three tabs: 'TRIALS', 'TECH SVCS', and 'FLT TIMES'. The 'TECH SVCS' tab is selected, and a dropdown menu is open, showing options: 'Aircraft File', 'Call-ups', 'Print Reports', 'Fleet Data', 'Current Status', and 'Mod Mod / Call Status'. The 'Current Status' option is highlighted. Below this, the 'CAFAM System' window is shown with the 'Acft' field set to 'G-ABCD'. To the right, there are checkboxes for 'Front-Sheet ?' (N), 'Call-Ups?' (YES), and 'Components ?' (YES). Below these, there are two input fields for 'Start C/up From >' and 'End Call-Up at >'. At the bottom, there are three buttons: 'All Details', 'Just Summary', and 'Only Mandatory'. An arrow points from the 'Only Mandatory' button to the 'Mandatory' field in the output table below.

Program will only list the Current Status of items that you had deemed “M”andatory when the Call-up was created i.e. the Call-up was set with the letter “M” here
