MIN QTY REPORT

RULES OF SEARCH for O/Station Code
1. Entering a slash "/" will total and group all the stock together regardless of O/Stations
2. Leaving the prompt <Blank> will only report on "Blank" i.e. your "Base"
3. Entering the O/Station will only print the Min Qty position at the O/Station selected

In addition you can elect to exclude from the count any specifc range of bins, e.g. you mage chosen to hold your reserved stock in a bin G-XXXX where you are using the Aircraft Regn. Here you can specify "G-" to "G-" to exclude these
