

TOOL & EQUIPMENT SEARCH ENHANCEMENT

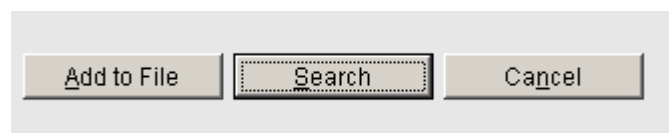

The Equipment Calibration program has been modified to enhance the Tool search capability. This is in addition to the current search by Equipment No. Now you can group and search on Description with a short keyword. To do this

1. Enter the description in the prompt

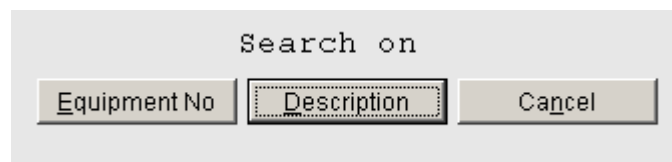

The screenshot shows a text-based interface with labels on the left and input fields on the right. The labels are 'Equipment No', 'Description', and 'Serial No'. The 'Description' field contains the text 'CRIMP'. To the right of the input fields, there are labels for 'File', 'Location', and 'Asset'.

2. The Program will prompt

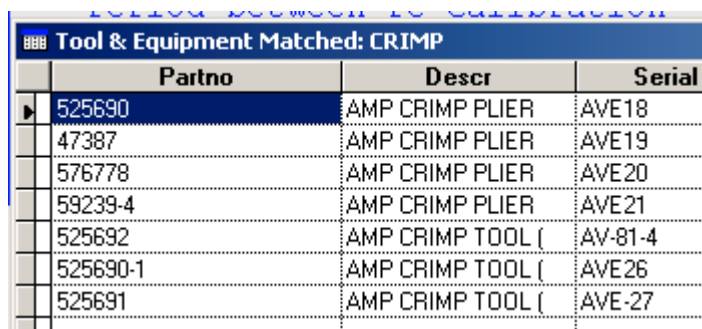

The screenshot shows a dialog box with three buttons: 'Add to File', 'Search', and 'Cancel'. The 'Search' button is highlighted with a dashed border.

3. Select Search and it will further prompt

The screenshot shows a dialog box titled 'Search on'. It contains three buttons: 'Equipment No', 'Description', and 'Cancel'. The 'Description' button is highlighted with a dashed border.

4. Selecting Description will group list all Tools found matching this Description. Select as required

The screenshot shows a dialog box titled 'Tool & Equipment Matched: CRIMP'. It contains a table with three columns: 'Partno', 'Descr', and 'Serial'. The table lists several tools matching the search criteria.
