

## TECH LIBRARY SEARCH

The search function in the Technical Library is very different to the rest of CAFAM. You can search the title with any word *within* the title itself, e.g. entering "731" would search all publications for this "word"

Search in Title

731

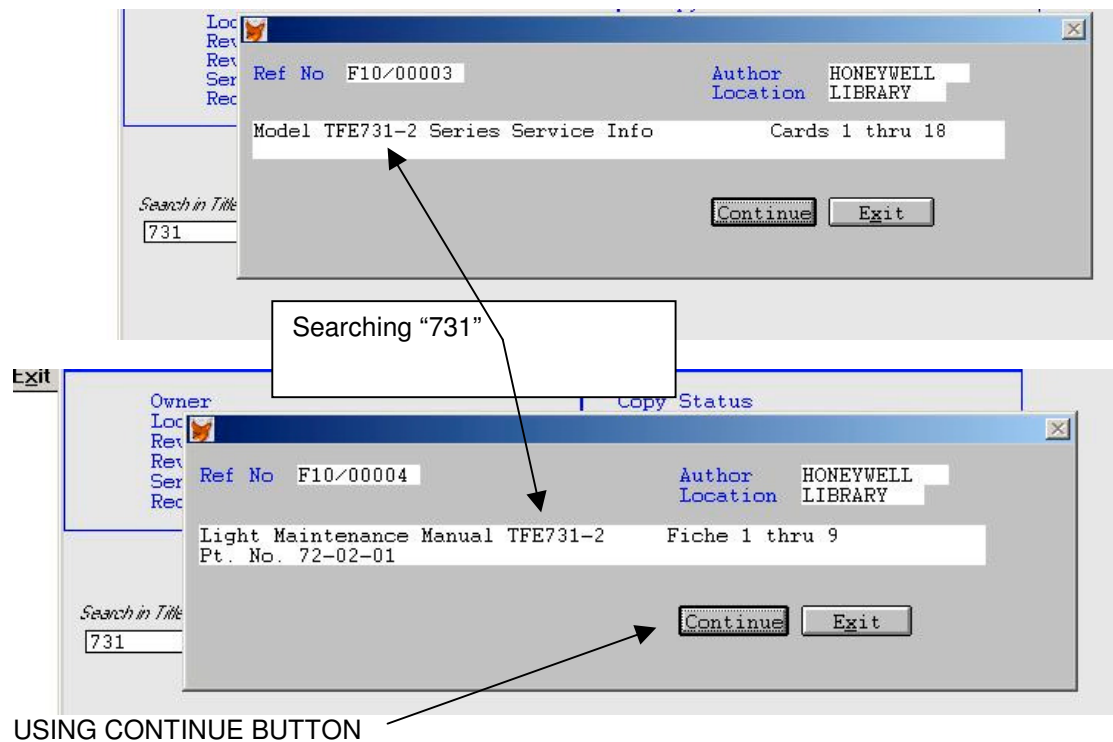

Search

OK

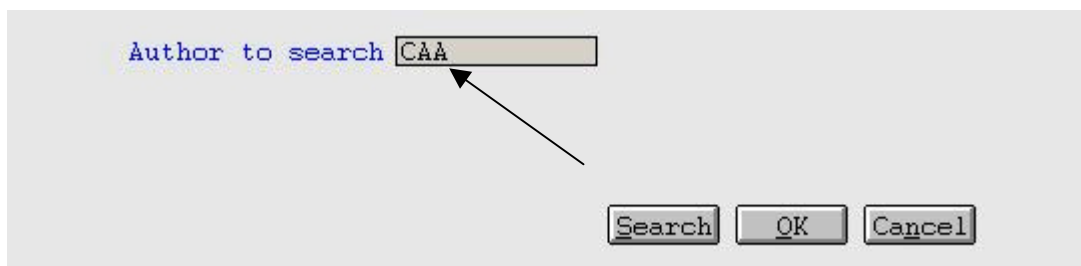

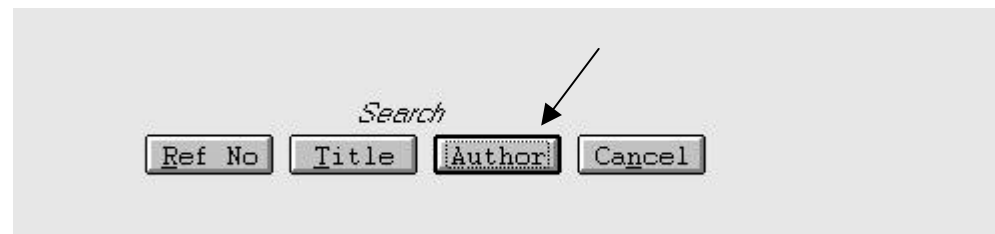

Cancel

Selecting "TITLE" button will prompt for text "word" within title

SCREEN WILL NOW CHANGE AND ALLOW YOU TO SEARCH ALL PUBLICATIONS WITH THE WORD "731":

YOU CAN EQUALLY SEARCH ON AUTHOR IN THE SAME WAY:

Log Book Entry
